

TASKI® Jontec Tensol free

F4c

Floor cleaner/maintainer, dye and fragrance free concentrate in SmartDose®

Description

Low foaming floor cleaner/maintainer, without film build up. Ideal for cleaning and maintenance of protected and unprotected water resistant hard floors. Creates a slip-resistant and dirt repellent floor.

Key properties

- No fragrance and dye
- Non build up cleaner/maintainer
- Low foaming effective cleaning at very low dosage
- Versatile application
- Effective formulation based on solvents and surfactants

Benefits

- Safe to use on all water resistant floors
- Leaves no grey or 'greasy' films on floors
- Very economical thanks to excellent cleaning performance at low dosage
- Suitable for all cleaning methods including scrubber driers, single disc machines, mop and bucket cleaning
- Provides higher gloss when polished

Use instructions

TASKI Jontec Tensol free is supplied in SmartDose dosing system for convenient and controlled dosing of the product into a bucket or machine tank.

Dosage:

Bucket method: Start filling bucket with water. Turn yellow head to bucket position: pull head up, then push down fully. Dose 1x14ml per 5L water (0.3%).

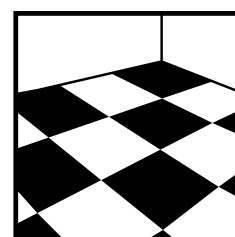

Scrubber drier / Single disc machine use: Start filling machine tank with water. Turn yellow head to bucket position: pull head up, then push down fully. Dose 1x14ml per 7L water (0.2%). For heavy soil dose 1x14ml per 5L water (0.3%).

Mop/Cloth preparation (pre-wetted method) and Spray method: Turn yellow head to trigger bottle position, pull head up, then push down fully to dispense 1x5ml chemical (0.2%) into a jug filled with 2.5L water. Pre-wet textiles or fill spray bottle with diluted solution from the jug.

Proper dosage and temperature save costs and minimize environmental impacts.

EU Ecolabel: DK/020/006

TASKI®

Jontec Tensol free

F4c

Application:

Bucket - wet mopping: Dose/dilute the product into a bucket filled with water, apply the solution with a mop and remove the soiled solution.

Pre-wetted - damp mopping: Pre-impregnate the mop/cloth manually and damp mop the floor.

Machine cleaning:

Scrubber-drier: Dose/dilute the product into the full water tank, apply the solution and remove the soiled solution.

Single disc machine: Dose the product into the machine tank or diluted solution from the jug into the spray device and clean the floor. Buff for extra shine (TASKI® IntelliPad is the perfect pad).

Technical data

Appearance: Clear, colourless liquid

pH value (neat): ≈ 9

pH value (in use): $\approx 6,2$

Relative density (20°C): $\approx 0.98 \text{ g/cm}^3$

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use on water sensitive floors, e.g. unsealed wood and cork
