

TASKI® Jontec 300 free

F4a

Neutral floor cleaner, low foam concentrate

Description

Highly concentrated, low foaming, neutral cleaner. Suitable for all water resistant hard floors, whether coated or non-coated. The product is free of hazard classification on the labels and therefore provides maximum safety for the manipulations while allowing safe transport and storage conditions.

Key properties

- pH-neutral
- No residues on the floor and no build-up
- No fragrance and dye
- Low foaming effective cleaning at very low dosage
- Highly concentrated blend of different types of surfactants

Benefits

- Safe to use on all water resistant floors
- Consistency and quality of cleaning results
- No grey or 'greasy' floors
- Minimal risk for sensitive persons
- Very economical thanks to excellent cleaning performance at low dosage
- Environmentally compatible
- Suitable for all cleaning methods including scrubber driers, single disc machines, mop and buckets cleaning

Use instructions

Bucket method:

1. Apply the solution with a mop, preferably pre-impregnated with TASKI Jontec 300 free solution in a washing machine.
2. Allow to act. If required scrub.
3. Remove the soiled solution.

Machine cleaning - direct method:

1. Apply the solution to the floor, scrub with pads or brushes and remove the soiled solution.

Machine cleaning - indirect method / heavy soil:

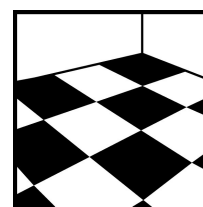

1. Apply solution with scrubbing action and squeegee blade up, allow contact time before scrubbing for a second time with squeegee blade down to remove the solution.
2. Rinse with clean water if necessary.

Spray cleaning-single disc machine:

1. Spray solution onto the surface.
2. Clean surface using a floor pad (e.g. TASKI Intellipad).
3. Let surface dry.

EU Ecolabel: DK/020/006

F4a

Dosage*

Bucket method: Dose 12,5 ml into a bucket filled with 5 L water (0,25%). For heavy soil increase dosage to max. 50ml (1%).

Scrubber drier / Single disc machine use: Dose 25 ml per 10L water (0,25%) into the machine tank. For heavy soil increase dose to max. 100ml (1%).

Spray method: Dose 2 ml into a 500 ml spray bottle filled with water (0,4%).

Proper dosage and temperature save costs and minimizes environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance: clear, colourless liquid

Odour: Surfactant

pH value (neat): ~ 8

pH value (in use): ~ 8

Relative density (g/cm³; 20°C): ≈ 1.01

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use more than a 0.4% solution on polish films. Do not use on water sensitive floors, e.g. unsealed wood and cork.

Environmental information

TASKI Jontec 300 free was awarded the license (DK/020/006) fulfilling the EU-Ecolabel criteria as an environmentally friendly product.

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.
